14 July 1952

25X1

25X1

1. On 10 July 1952 I met with [redacted] at [redacted] office.

2. Procurement suggested that the specifications of the mobile audio-visual device required by OTR be drawn up and forwarded to that office for a determination of the availability of such equipment.

25X1

3. [redacted] indicated upon receipt of the specifications he would then assign a person from Procurement to go with me to the Office of Communications and see whether or not their sources of supply would help to fulfill our needs and requirements without entangling the Agency in any patent rights disputes.

4. On 14 July a memorandum requesting sources of supply with a breakdown of specifications was sent by the Director of Training to the Chief, Procurement and Supply Division, attention of the Purchase Division as was requested by the Procurement Division.

5. To date I have not received any word from Procurement as to who was to go to the Office of Communications with me to see whether or not their sources of supply would fulfill our requirements.

6. Are there any developments regarding sources of supply or as to when it would be appropriate for a representative of Procurement to visit the Office of Communications with me?
